Career Objective

Aspiring Software Engineer with strong skills in Python, SQL, Data Structures, and Front-end Development. Passionate about building scalable software solutions and eager to contribute to innovative projects through continuous learning and problem-solving.

Education

Bachelor of Technology (Computer Science)
Vignan's Lara Institute of Technology and Science
Class XII (BIEAP)
Narayana Junior College
Class X (BSEAP)
M P L Girls High School

Sep 2023 – May 2027
CGPA:8.95/10
Jun 2021– Apr 2023
Percentage-94.9%
Jun 2020 – Apr 2021
Percentage-100%

Skills

- **Programming Languages:** Python, C
 - **Frontend Development:** HTML, CSS, JS
 - **Databases:** SQL, DBMS
 - **Core Subjects:** Object-Oriented Programming, Operating Systems, Computer Networks
 - **Soft Skills:** Quick Learning, Critical Thinking, Team Work
 - **Tools:** Git, GitHub, VS Code
-

Internship Experience

Artificial Intelligence — Edunet Foundation

Apr 2025 – May 2025

- Gained hands-on experience in AI and machine learning concepts through structured training and practical project work.

Python - Infosys Springboard

Nov 2025 – Jan 2026

- Strengthened Python programming and full-stack development skills by completing structured training and building practical applications.
-

Projects

Steganography

Tech Stack: Python, Flask, HTML, CSS, Pillow (PIL), Pypdf2, Wave

- Developed an image steganography system using the Least Significant Bit (LSB) technique to securely embed and retrieve secret messages.
- Enhanced data confidentiality by implementing efficient encoding and decoding algorithms while maintaining image integrity.

AI-Based Emotion Detection from Text

Tech Stack: Python, Hugging Face Transformers, PyTorch (Torch), Streamlit

- Built an interactive Streamlit interface that displays predicted emotions along with confidence scores and emojis, leveraging Hugging Face Transformers and PyTorch for real-time natural language processing.
 - Created a simple user interface for giving text and viewing the scores and emojis.
-

Certifications

- The Joy of Computing Using Python – NPTEL
 - Python Essentials part 1 & 2 – Cisco
 - DBMS part 1 & 2 – Infosys Springboard
-

Achievements

- Solved 118+ coding problems on LeetCode, strengthening problem-solving and data structures skills.
- Participated in the Tata Elxsi TELiPort Hiring Challenge (Industry level coding assessment).
